the course	The Buddha explains in his teaching that our present existence is unsatisfying; from obvious forms of suffering and pain until states of relative but temporal peace – fundamental and lasting happiness eludes us. The teaching on <i>The 12 Links of Interdependent Origination</i> explains how we mentally create such an existence. When we understand the psychological processes of <i>The Twelve Links</i> we can get a grip on them. In this way we can attain a state of true Liberation.
